INAUGURAL CGDP LASER SYMPOSIUM, 2013

The College of General Dental Practitioners Singapore (CGDP) is organising the inaugural Laser Symposium in Singapore on 6 and 7 July, 2013.

This symposium cum hands-on workshop will feature an internationally re-known speaker, Dr Peter Pang. He is a leading expert in laser dentistry and has been published in several peer reviewed journals. He has attained Advanced Level, Mastership and Educator Status with the Academy of Laser Dentistry (ALD). He is also the previous Chairman of Science & Research with ALD and is one of 22 approved ALD registered course providers worldwide.

CGDP has identified the usage of dental lasers as essential branch of dentistry, with increasing clinical applications and benefits. Our objectives for organizing this Laser Symposium are as follows;

- 1) Raise awareness of Laser Dentistry in Singapore and around the region.
- 2) To provide dentists and suppliers an educational platform for them to interact, learn and acquire the proficiency for laser usage.
- 3) To establish a network of educational, commercial and technical support for laser dentists and suppliers both in Singapore and around the region.
- 4) An opportunity for dentists to be accredited by a registered course provider and attain Standard Proficiency Certification in Laser Dentistry.

CGDP is proud to invite Dr Peter Pang to conduct a lecture and hands-on workshop, with a clinical simulation exam for participants interested in attaining ALD Standard Proficiency certification.

Date: 6-7 July 2013
