

17 AND 18 NOVEMBER 2018

6TH CGDP

ORAL IMPLANTOLOGY AND SOFT TISSUE AESTHETIC SYMPOSIUM

IMPLANT PLACEMENT IN THE AESTHETIC ZONE
DECISION TREE FOR LONG-TERM SUCCESS
A MASTERCOURSE

HANDS ON WORKSHOP
FULLY SOLD OUT

DR NIKOS MATTHEOS

DDS - NATIONAL AND KAPODISTRIAN UNIVERSITY OF ATHENS
PHD - MALMÖ UNIVERSITY
MASC (PERIO) - UNIVERSITY OF BERN

SUPPORTED BY:

1 ½ Day Lecture + ½ Day Workshop

Venue: Orchard Mandarin Grand Ballroom

CDE Points: Lecture Only (10 points), Lecture + Hands On (14 points)

For interested participants, please email

info@cgdp.org.sg

6th CGDP Oral Implantology and Soft Tissue Aesthetic Symposium Programme
Venue: Orchard Mandarin Grand Ballroom

Day 1 – 17 November 2018

09.00 am 09.10 am	Introduction
09.10 am 10.00 am	Minimally Invasive Implant Surgery: Philosophy, Biology and Technology
10.00 am 10.30 am	Anterior Maxilla, anatomic, esthetic and functional limitations
10.30 am 11.00 am	Coffee Break
11.00 am 12.30 pm	Managing the compromised bone: Diagnosis and Treatment Planning a. Immediate implants b. Ridge preservation
12.30 pm 01.30 pm	Lunch Break
01.30 pm 02.30 pm	Guided Bone Regeneration with Simultaneous Implant Placement
02.30 pm 03.30 pm	Coffee Break
03.30 pm 04.30 pm	Two-stage bone augmentation

Day 2 – 18 November 2018

09.00 am 10.30 am	Managing the compromised Soft tissues: Soft tissue manipulations and augmentation
10.30 am 11.00 am	Coffee Break
11.00 am 12.00 pm	Technology: The role of Implant Surface, Design and Diameter Summing up the Big Picture - Site Assessment and Decision Making
12.00 pm 12.30 pm	QnA
12.30 pm 01.30 pm	Lunch break
01.30 pm 02.30 pm	Hands-on Exercises: Introduction to Microsurgery, Flap design and suturing Implant placement with GBR
02.30 pm 03.30 pm	Coffee Break
03.30 pm 04.30 pm	Hands-on Exercises: Harvesting and placement of connective tissue graft

Testimonials

Dr Erica Anwar	“Nikos is passionate not only about implant dentistry, but also about teaching and imparting knowledge. Absolutely would recommend attending any lecture by him.”
Dr Elvin Leong	“Nikos breaks down complex concepts into easy to understand and practical chunks. He is also very honest and personable. The participant is able to immediately apply the concepts he teaches on Monday morning!”
Dr Darrell Ong	“Dr Nikos’ teachings are insightful, impactful and can be applied in day to day implant dentistry. He is very knowledgeable, very willing to teach, and above all, humble.”

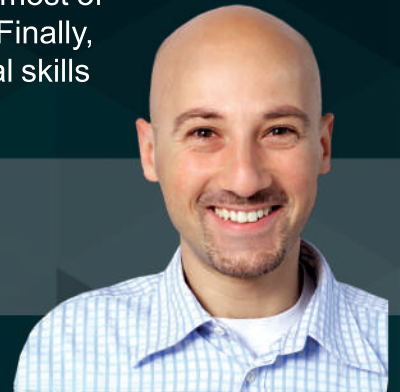

IMPLANT PLACEMENT IN THE AESTHETIC ZONE: DECISION MAKING FOR LONG TERM SUCCESS. A MASTERCOURSE.

Anterior maxilla is one of the most challenging sites for implant placement, as the local anatomy is most frequently compromised. At the same time, the high expectations for natural esthetics introduce significant challenges for the operator, who is required to carefully select the appropriate treatment pathway and design the intervention.

Decision making is not simple, as the evidence is often generic and not always conclusive, while the specific anatomic conditions of each individual might differ significantly. A wide array of techniques for bone and soft tissue manipulation, is available, as well as a significant number of implant technologies, surface and designs. In addition, the timing of the implant placement – either immediate, early or delayed – might be also another important factor for the long term successful outcome. In essence, thorough understanding of the individual patient needs, the local anatomy and the wound healing process, as well as mastering the use of modern implant technology would be the key to predictable and maintainable success.

This seminar will attempt to sum up all the critical factors for decision making and focus on establishing a treatment philosophy based on currently available evidence and best clinical practice. Through actual clinical cases we will navigate step by step the major clinical decisions required when placing implants in the esthetics zone. Furthermore, we will identify significant factors of implant technology such as design and surface and we will discuss how to make the most of the possibilities offered by modern implants in challenging clinical scenarios. Finally, participants will have the opportunity to train some of the fundamental surgical skills through hands-on exercises.

NIKOS MATTHEOS, DDS, MASC(PERIO), PHD

Dr. Nikos Mattheos graduated from the Dental Faculty, University of Athens. He completed his PhD degree in the University of Malmö, in Sweden where he also received specialist training in Periodontology.

He has completed a 3-year residency with focus on Implant Dentistry and Fixed Prosthodontics in the department of Periodontology and Fixed Prosthodontics in the University of Bern, Switzerland under Professor N.P Lang.

His research is disseminated through more than 90 publications in international peer reviewed journals and he has received the IADR researcher's award in 2003 and 2013. He has served at the position of Associate Professor in the University of Malmö (Sweden) and Griffith University (Australia).

He is currently Clinical Associate Professor in Implant Dentistry in the Faculty of Dentistry, the University of Hong Kong, where he directs two postgraduate programmes in Implant Dentistry and is active with teaching, research and patient care.

IMPLANT SYMPOSIUM
2018

6th CGDP Oral Implantology and Soft Tissue Aesthetic Symposium Registration Form

A separate registration form must be used for each participant. Please write in block letters and return completed form with payment (Cheque / Bank Draft) to: "College of General Dental Practitioners Singapore", c/o 10 Collyer Quay #03-05 Ocean Financial Centre S049315. Email us: info@cgdp.org.sg. Find us on our website: www.cgdp.org.sg.

Participant Details

Name			<input type="checkbox"/> Dr	<input type="checkbox"/> Mr	<input type="checkbox"/> Mrs/Ms
Clinic/Institution			DCR (For Singapore Dentists Only)		
Mailing Address					
Postcode			Country/State		
Contact Number			Dietary Restrictions / Requirements (Please state below)		
Email					
CGDP Member	<input type="checkbox"/> YES	<input type="checkbox"/> NO			

I am interested in becoming a CGDP member. Please email me the membership form. Alternatively, please register online at www.cgdp.org.sg

Member's rate apply only for current membership. Please renew via www.cdgp.org.sg or by cheque.
Ordinary / Accredited member: Entrance Fee: \$150. Annual subscription : \$50
Student member: Entrance Fee: Waived. Annual subscription: \$25. **Subscription upon graduation :** \$50

Registration Fee (In Singapore Dollars)

Early Bird (Till 10 th November 2018)	CGDP / ICD Members	Non Members
Lectures only	<input type="checkbox"/> \$490	<input type="checkbox"/> \$690
Lectures only (undergraduates) ¹	<input type="checkbox"/> \$250	<input type="checkbox"/> \$250
Lectures + Workshop (SOLD OUT)		
11 th November Onwards	CGDP / ICD Members	Non Members
Lectures only	<input type="checkbox"/> \$600	<input type="checkbox"/> \$850
Lectures only (undergraduates) ¹	<input type="checkbox"/> \$250	<input type="checkbox"/> \$250
Lectures + Workshop (SOLD OUT)		
Onsite	CGDP / ICD Members	Non Members
Lectures only	<input type="checkbox"/> \$800	<input type="checkbox"/> \$1,000

Registration and Cancellation Policies

Registration is on a **first come first served basis** and will be valid only **upon full payment**. If payment is not received **within 4 weeks of registration**, the seats will be released to other participants. CGDP reserves the right to amend any part of the programme, cancel or postpone the programme, change the venue, date and time of the event without any prior notice. Cancellation must be made in writing or in an email sent to College of General Dental Practitioners. Cancellations received **before** 1st October 2018 will be granted refund less SGD 200 administrative fee. There will be **NO** refunds for cancellations from 1st October 2018 or non-attendance.

¹ For undergraduates attending the lecture only, you are **required to submit a front copy of your matriculation card** for verification.
